

3M

NO SCREWS, DRILLING, CHIPPING, RUSTING

Just Clear Mirrors

Holds mirror to base without screws

Saves time & costly replacements

Absorbs vibration

Prevents corrosion

Resists humidity

Easy to apply

3M Mirror Mount Tape

3M™ Mirror Mount tapes... a clear reflection of your class.

3M™ Mirror Mount tapes reduce or eliminate the need for liquid adhesives, screws, rivets and welds. In fact, with the easier, quicker assembly that is possible with 3M™ Mirror Mount tapes, minimal clean-up is required and there is no waste to dispose off - your labor efficiency is increased and costs are reduced.

These tapes combine a polyurethane foam substrate with a durable, pressure-sensitive acrylic adhesive on both sides. The foam properties dissipate vibrations and distribute stress forces, while the adhesive maintains a long-term bond. 3M™ Mirror Mount tapes' conformability promotes maximum surface contact with less distortion, thus providing superior adhesive wet-out and bond.

3M™ Mirror Mount tapes distribute stress throughout all pressure points, minimizing distortion (such as rippling of a metal or plastic substrate). And also aid in relieving forces caused by thermal expansion and contraction between bonded parts, thereby helping to maintain bonds during temperature cycles. 3M™ Mirror Mount tapes act as an effective buffer between dissimilar materials, helping to prevent corrosion by eliminating contact between them.

IMPORTANT NOTICE: User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's method of application. Please remember that many factors can affect the use and performance of a 3M ITSD product in a particular application. The materials to be used with the product, the surface preparation of those materials, the product selected for use, the conditions in which the product is used, and the time and environmental conditions in which the product is expected to perform are among the many factors that can affect the use and performance of a 3M ITSD product. Given the variety of factors that can affect the use of a 3M ITSD product, some of which are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M ITSD product to determine whether it is fit for a particular purpose and suitable for the user's method of application.

LIMITED WARRANTY: The sole obligation of the manufacturer, distributor, and/or seller of this product shall be the replacement of 3M product, if notified of the defect within six months of the date of purchase. Such quantity of the product deemed defective shall be replaced and there shall be no liability of injury, loss, or damages, either direct or consequential, arising out of the use or inability to use the product. The company disclaims all oral warranties of any kind. 3M MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

LIMITATION OF REMEDIES AND LIABILITY: If the 3M product is proved to be defective, THE EXCLUSIVE REMEDY, AT 3M'S OPTION, SHALL BE TO REFUND THE PURCHASE PRICE OR TO REPAIR OR REPLACE THE DEFECTIVE 3M PRODUCT. 3M shall not otherwise be liable for loss or damages, whether direct, indirect, special, incidental, or consequential, regardless of the legal theory asserted, including contract, negligence, warranty, or strict liability.
